NEW TO THE MARKET

These are investors ready to commit...

Subscribers to the *Real Estate Market Report* are looking to invest in the hottest real estate markets in the country and become skilled at finding properties with huge equity.

These are all paid subscribers, with subscriptions that range from \$49 to \$499.

Additionally, the majority of these prospects will go at least one step beyond the newsletter and attend an education workshop for real estate investing. So it is easy to see that these are investors ready to make a commitment to an opportunity they are interested in.

In addition to real estate investing, this list would be perfect for other types of investment opportunities, plus we would recommend this list for online investing, financial newsletters, health and fitness, leisure and travel, magazines, catalog offers, book offers, credit card offers, general merchandise and more.
